To Whom It May Concern:

This letter is to recommend Debbie Palmer for a position in your company. Debbie was an Assistant Manager for our company for approximately 5 months. In that time she proved herself to be very accurate, thorough and great with our customers. She handled a great deal of money as well as did an excellent job selling and dealing with customer complaints. I was happy to have her as an employee. I would be happy to answer any questions you may have regarding her employment with our company.

Sincerely,

*Andy Woods*
