We are pleased to announce that on August 28, 2007 the Tennessee Self Storage Association was formed and affiliated with the National Self Storage Association.

For years in this industry the state of Tennessee has had no leadership or guidance, but this is no longer the case. Join other Tennessee facility owners and vendors in networking to make your business more profitable.

Enclosed you will find information about the association and a list of reasons that you should join. Simply complete the enclosed membership application and return to us with your membership fee.
