Plans call for two, two-story buildings. Building one is 56,000 Gross Square Feet and Building two is 28,000 Gross Square Feet. The site is zoned General Commercial, and self storage is a use by right.

The site is located in close proximity to Routes 33, 22 and 78 in Bethlehem Township, Northampton County, in the growing Lehigh Valley. The Average Annual Daily Traffic count for the intersection at Willow Park Road and Easton Avenue is 15,957. The average income within a 3-mile radius is approximately \$70,000. Several major development projects are in various stages of planning at the interchange of Route 33 at Easton Avenue, including: a mixed use project with 800+ homes, a hotel and retail and office space; an active adult community; and a brand new hospital and medical campus scheduled to open in late 2009.
